

# Country Christian School's 2010 Summer School Programs

2416 Dean Avenue \* Bakersfield, CA 93312 \* (661) 589-4703

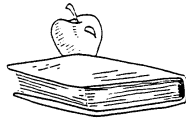

June 7th - July 16th

Monday through Friday

9:00 A.M. - 12:00 P.M.

## READING ONLY

The Reading Only Program at Country Christian School offers a concentrated six week course in Simply Phonics for children in Kindergarten through sixth grade. The four following areas will be covered in class:

1. Phonics Rules - Complete Phonic Charts
2. Spelling - this is incorporated to reinforce the rules of phonics.
3. Creative Writing - is taught simultaneously to help establish applied phonic rules in spelling and to motivate your child in creative imagery through words.
4. Reading - to help establish confidence through increased ability to sound out words phonetically, and through an increased definition of vocabulary to help reading comprehension.

This program is recommended for students that struggle with reading & spelling, or are first time students to Country Christian School.

## 3 IN 1 PROGRAM

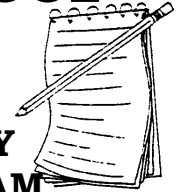

The 3 in 1 program has been a success for many summers at Country Christian School. This six week course incorporates reading, math and computer lab. These three subjects will be taught in 45 minute intervals.

1. Reading will reinforce and build on the current reading program we have. We highly recommend if you have not been through any of our reading programs that you take it first.
2. Math will incorporate drills, skills and fun activities to help establish confidence by increasing the ability to do basic addition, subtraction and multiplication through memorization.
3. Computer Keyboarding Lab/Science is a six week hands-on computer lab adventure.

The 3 in 1 program is for students 1<sup>st</sup> -6<sup>th</sup> grades that need to maintain their academic progress and have a love for learning. *No Kindergarteners!*
